

WORLD PATIENT SAFETY DAY 2023

**Patient
Safety**

**20 September
(Wednesday)**

5:30 PM – 7:00 PM

**[https://tinyurl.com/
PtSafetyDFM2023](https://tinyurl.com/PtSafetyDFM2023)**

Engaging Patients for Patient Safety: “Elevate the voice of patients!”

Join us as we review the crucial role patients, families and caregivers play in healthcare safety, and discuss how we can empower our patients and their families to have an active involvement in a safer and Healthier SG.

Developing, evaluating & implementing PREOS-PC, a patient reported measure of patient safety in primary care centres

Dr Ignacio Ricci Cabello &
Dr Maria Antonia Fiol-deRoque
