

**SAPC ASM 2021 virtual conference**  
**30th June 1st July**  
**POSTER PRESENTERS**

Last name	First name	Poster number	Poster topic	Abstract title	ID	Presenter
Aggarwal	Vishal	24.12	Multi-morbidity	Predictors of Resilience and Vulnerability to Chronic Pain Syndromes and Chronic Fatigue – The Cheshire Oro-facial Pain Prospective Population Study	1,880	Vishal Aggarwal
Albury	Charlotte	13.2	Clinical trials	Overcoming patient resistance to using a free e-cigarette to support smoking reduction in a primary care trial	1,915	Charlotte Albury
Alderson	Sarah	14.8	Consultation, Communication and Risk Prediction	Does a feedback intervention reduce potentially harmful gabapentinoid painkiller prescribing in general practice?	2,050	Sarah Alderson
Alharbi	Suha	20.3	Health Services Research	Exploring public attitude toward using community pharmacy for management minor Ailments	1,896	Suha Alharbi
Alturkistani	Saffanah	14.6	Consultation, Communication and Risk Prediction	Arabic Online Health Information (OHI) use by the public in Saudi Arabia: A scoping review	1,894	Saffanah Alturkistani
Anand	Astha	29.2	Women's health	Prevalence of polypharmacy in pregnancy	2,067	Astha Anand
Anandkumar-Sreevidya	Gopikaa	16.1	Diabetes	Exploring the experiences of a patient with Type 1 diabetes and diabulimia: a narrative analysis	2,043	Gopikaa Anandkumar-Sreevidya
Awan	Hassan	23.4	Mental health	Living well with multimorbidity: a qualitative study exploring perspectives of emotional distress in men of south Asian origin	1,872	Hassan Awan
Bailey	James	23.5	Mental health	: Can machine learning be used to assess risk of suicide?	1,968	James Bailey
Bansal	Narinder	23.6	Mental health	Understanding ethnic inequities in mental health care: A meta-ethnography exploring perspectives and experiences of service providers and ethnic minority groups	2,070	Narinder Bansal
Bhanu	Cini	11.2	Cardiovascular disease	What is the incidence of orthostatic hypotension in UK primary care? An electronic health record database study	1,970	Cini Bhanu
Brown	Lamorna	10.2	Cancer	Detecting High-Risk Smokers in Primary Care Electronic Health Records	2,025	Lamorna Brown
Bryce	Carol	14.3	Consultation, Communication and Risk Prediction	OPTEL – Older People and 'telephone access' to general practice	1,927	Carol Bryce
Butterworth	Jo	26.2	Older people	Development of a shared decision-making intervention 'VOLITION' for older people with multimorbidity: An Intervention Mapping approach.	1,833	Jo Butterworth
Calnan	Susan	26.5	Older people	A qualitative study to identify factors influencing the perceived acceptability, appropriateness and feasibility of implementing a falls risk assessment service in primary care	2,034	Susan Calnan
Calnan	Susan	26.6	Older people	A study to assess the scalability of an integrated falls prevention service for community-dwelling older people	2,035	Susan Calnan
Chakraborty	Samantha	23.7	Mental health	Creating a digital community of practice for GPs using participatory research	1,873	Samantha Chakraborty
Chitson	Sarah	19.13	Education and workforce	Clinical humanities - a precursor to social prescribing?	1,831	Sarah Chitson
Chitson	Sarah	29.4	Women's health	How do women experience the UK cervical screening programme, from receiving an invitation to attending their first smear test? A narrative analysis of blog posts.	1,839	Sarah Chitson
Clarke	Nicola	19.07	Education and workforce	How Has the COVID-19 Pandemic Impacted UK Medical Students' Experiences of Teaching and Learning? A National Survey	2,053	Nicola Clarke
Cole	Jennifer	15.08	COVID and Primary Care	Are there differences between the rates of new diagnoses reported pre and during the COVID-19 pandemic?	2,092	Jennifer Cole
Coope	Caroline	23.1	Mental Health	Exploring the impact of COVID-19 and changes to delivery of General Practice services on adults affected by Domestic Violence and Abuse with Common Mental Health Conditions: a mixed method study	2,056	Caroline Coope
Cooper-Moss	Nicola	19.08	Education and workforce	Practical tips for virtual facilitation: Lessons from the Lancashire Next Generation GPs	2,071	Nicola Cooper-Moss
Cope	Anwen	17.1	Diagnosis	What is the role for shared decision-making in dental recall interval setting?	1,975	Anwen L. Cope
Croke	Aisling	24.01	Multi-morbidity	The effectiveness of integrating clinical pharmacists within general practice to optimise prescribing and health outcomes in primary care patients with polypharmacy: A Systematic Review	2,073	Aisling Croke
Delaney	Brigitte	27.1	Respiratory	Remote asthma reviews: Developing practical resources for the IMP2ART trial to meet the challenges of remote asthma reviews in a COVID-19 pandemic.	1,953	Brigitte Delaney
Djouadi	Yasmin	29.5	Women's health	How do Women in a Same-Sex Relationship Experience Miscarriage? A Narrative Analysis	1,914	Yasmin Djouadi
Elango	Ilankeeran	15.07	COVID and Primary Care	Understanding and tackling COVID-19 vaccine hesitancy in ethnic minorities in south-west London	2,009	Ilankeeran Elango
Foerster	Franziska	23.3	Mental Health	Bereavement in later life – results of a pilot study for an eHealth intervention	1,836	Franziska Foerster
Foley	Louise	24.04	Multi-morbidity	Prevalence and predictors of medication non-adherence among people living with multimorbidity: a systematic review and meta-analysis	1,879	Louise Foley
Fudge	Nina	24.10	Multi-morbidity	Keeping in balance – walking the multimorbidity tightrope. A narrative analysis of older patients' experiences of managing multimorbidity.	1,964	Nina Fudge

**SAPC ASM 2021 virtual conference**  
**30th June 1st July**  
**POSTER PRESENTERS**

Gallacher	Katie	11.5	Cardiovascular disease	Stroke recovery - what are people talking about on Twitter?	1,973	Katie Gallacher
Garratt-Kirk	Tom	19.14	Education and workforce	Challenges and Innovations in Remote Placements for Medical Students	1,962	Tom Garratt-Kirk
Gilbertson	Anna	12.1	Children	Health care professionals' beliefs and practices regarding food allergy testing for children with eczema	2,012	Anna Gilbertson
Gillespie	David	28.3	Sexual health	Patterns of HIV pre-exposure prophylaxis use and sexual risk behaviours amongst men who have sex with men attending sexual health clinics in Wales	1,892	David Gillespie
Goodfellow	Henry	15.04	COVID and Primary Care	Development, deployment and evaluation of a digitally enabled rehabilitation programme for patients with long Covid	2,099	Henry Goodfellow
Hajmohammadi	Hajar	27.2	Respiratory	Association Between Asthma Exacerbations and daily NOx Concentrations in East London: A time Series Regression Model	1,913	Hajar Hajmohammadi
Hallam	Brendan	26.1	Older people	Time trends in incidence and survival rate for developing dementia of people presenting with reported memory concern and cognitive decline in UK primary care	2,104	Brendan Hallam
Hamashima	Yuri	17.4	Diagnosis	Priority-setting and shared-decision making in primary care: a secondary analysis of the GP consultations archive	1,996	Yuri Hamashima
Henry-Blake	Connor	25.3	Musculoskeletal health	A systematic review of the quality and consistency of UK national and international diagnostic imaging recommendations for osteoarthritis	1,991	Connor Henry-Blake
Hodgson	Sam	16.4	Diabetes	Primary care service utilisation and outcomes in type 2 diabetes: A longitudinal cohort analysis	1,952	Sam Hodgson
Hornsey	Samantha	12.4	Children	UK primary care practitioners' views, understanding and current practice regarding the management of chronic insomnia in young children.	1,959	Samantha Hornsey
Hossain	Muhammad	26.4	Older people	From early detection to end-of-life care: a qualitative exploration of the South Asian family carers' experiences of the journey with dementia	1,922	Muhammad Hossain
Hounkpatin	Hilda	16.2	Diabetes	Association of type 2 diabetes remission and risk of cardiovascular disease in pre-defined subgroups	1,845	Hilda Hounkpatin
Igwesi-Chidobe	Chinonso	25.2	Musculoskeletal health	'Are culturally relevant measures of pain coping strategies needed in African primary care? Findings from the cross-cultural adaptation and validation of the Coping Strategies Questionnaire among people living with chronic low back pain in Nigeria	1,838	Chinonso Igwesi-Chidobe
Jayasinghe	Ryan	24.11	Multi-morbidity	Cost Outcomes of Potentially Inappropriate Prescribing (PIP) in Middle-Aged Adults: A Cross-Sectional Database Study	1,848	Ryan Jayasinghe
Jegatheeswaran	Luckshi	26.3	Older people	How does an individual with dementia experience communication and interaction with healthcare professionals (HCPs)? A narrative analysis of an online blog of a person with dementia.	1,897	Luckshi Jegatheeswaran
Jones	Daniel	10.1	Cancer	Factors affecting the decision to investigate or refer older adults with cancer symptoms: a systematic review	1,945	Daniel Jones
Jones	Owain	10.5	Cancer	Can artificial intelligence/machine learning (AI/ML) techniques aid the early detection of skin cancer in primary care settings?	1,939	Owain Jones
Jordan	Kelvin	11.6	Cardiovascular disease	Long term risk of cardiovascular disease in patients presenting to primary care with undiagnosed chest pain: an electronic health records study	1,878	Kelvin Jordan
Juj	Kiranjit	19.06	Education and workforce	Does gender impact professionalism lapses at medical school?	2,001	Kiranjit Juj
Kaylor-Hughes	Cath	23.2	Mental Health	Evaluating the clinical and cost effectiveness of an online support tool to help reduce antidepressant medication use where there is no longer a clinical need. The WiserAD Study	1,924	Cath Kaylor-Hughes
Kiely	Bridget	13.1	Clinical trials	Can primary care-based link workers providing social prescribing improve health outcomes for people with multimorbidity in socially deprived areas? A randomised controlled trial.	2,029	Bridget Kiely
Kirubakaran	Arushan	11.1	Cardiovascular disease	PROSPECTIVE EVALUATION OF THE FAMCAT TOOL TO IDENTIFY FAMILIAL HYPERCHOLESTEROLAEMIA (FH) IN PRIMARY CARE	1,937	Arushan Kirubakaran
Kirwan	Collette	24.02	Multi-morbidity	Implementing medication review for patients with multimorbidity in primary care: a pilot cluster-randomised controlled trial across two different health care systems on the Island of Ireland	1,916	Collette Kirwan
Konya	Judit	11.4	Cardiovascular disease	Diagnosis of peripheral arterial disease in primary care: a survey of general practitioners in England & Ireland	1,980	Judit Konya
Konya	Judit	16.3	Diabetes	The role of Primary Care Pharmacists in the care of patients with diabetes – a narrative review of studies in the United Kingdom	1,982	Judit Konya
Larkin	James	20.2	Health Services Research	GPs' perceptions of their relationship with the pharmaceutical industry: a qualitative study	1,895	James Larkin
Lau	Tin Man Mandy	13.4	Clinical trials	A systematic review investigating the use of microbiology outcome measures in randomised controlled trials evaluating antimicrobial stewardship interventions over the past 10 years	1,925	Mandy Lau
Leach	Brandi	14.2	Consultation, Communication and Risk Prediction	What is the potential for digital facilitation to support patient access to online primary care service? A scoping literature review	1,935	Brandi Leach

**SAPC ASM 2021 virtual conference**  
**30th June 1st July**  
**POSTER PRESENTERS**

Lee	Jessica	10.01	Sexual health	SAPC/RCGP ELECTIVE PRIZE The provision of sexual and reproductive healthcare services to displaced Congolese in Western Uganda		Jessica Lee
L'Esperance	Veline	20.5	Health Services Research	Practice characteristics influencing general practice mortality: a national longitudinal study 2013 -2017	2,082	Veline L'Esperance
Lingham	Aranghan	25.1	Musculoskeletal health	Radiographic Validation of Self Reported Line Drawings for Hallux Valgus: A Valid Virtual Self Reporting Tool in General Practise?	1,972	Aranghan Lingham
Lyness	Emily	19.05	Education and workforce	Experiences of OOH task-shifting from GPs: Systematic review of qualitative studies.	1,881	Emily Lyness
Ma	Richard	29.3	Women's health	What is the impact of a pay-for-performance scheme to give long acting reversible contraception (LARC) advice in general practice on individual women in terms of contraceptive prescriptions and abortions?	2,089	Richard Ma
Madawala	Sanduni	14.7	Consultation, Communication and Risk Prediction	Health care experiences of adults with Chronic Obstructive Pulmonary Disease (COPD) across community (primary), acute (secondary) and subacute (tertiary) health care settings: a meta-ethnography	1,978	Sanduni Madawala
Magee	Lucia	12.2	Children	Which interventions work to improve sleep duration in children? A Systematic Review of the literature.	2,044	Lucia Magee
Maidment	Ian	15.06	COVID and Primary Care	A Rapid Realist Review of the Role of Community Pharmacy in the Public Health Response to COVID-19	1,855	Ian Maidment
Mayne	Richard	19.10	Education and workforce	Sedentary behaviour in General Practice; Should we be taking a stand?	1,830	Richard Mayne
McCallum	Marianne	24.05	Multi-morbidity	Are multimorbidity interventions a treatment burden? A meta-ethnography of patient experience	1,967	Marianne McCallum
McCallum	Marianne	24.06	Multi-morbidity	Multimorbidity in the context of socioeconomic deprivation: a study protocol	1,965	Marianne McCallum
McCann	Lucy	12.3	Children	The Geographic Inequities of Child Nutrition Service Readiness in Nepal's Primary Care System: A Cross-Sectional Analysis	1,850	Lucy McCann
McClatchey	Kirstie	15.10	COVID and Primary Care	Adapting the IMP2ART implementation strategy to the context of primary care during a COVID-19 pandemic	1,856	Kirstie McClatchey
McElhinney	Zoe	19.15	Education and workforce	Can the presentation of research findings as composite narratives address challenges of reflexivity and confidentiality for insider researchers?	2,061	Zoe McElhinney
McKelvie	Sara	19.11	Education and workforce	The impact of cognitive load on clinical practice in AEC - can team working mitigate the effects?	1,932	Sara McKelvie
Meghrawi	Khadija	14.5	Consultation, Communication and Risk Prediction	Could automated translation improve communication of key medical information for low-level English fluency individuals in primary care?	1,998	Khadija Meghrawi
Mitchell	Sarah	18.3	Dying well	End-of-life care in the community during the first peak of COVID-19: what were the views and experiences of primary healthcare professionals?	1,835	Sarah Mitchell
Moffat	Keith	13.3	Clinical trials	Factors Affecting Recruitment to Trial in General Practice: A Systematic Review	1,989	Keith Moffat
Mounce	Luke	10.3	Cancer	Missed/delayed referrals for investigation of suspected cancer: a candidate indicator of practice-level care quality	1,938	Luke Mounce
Mukit	Abdullah	15.01	COVID and Primary Care	Primary Care Evaluation of COVID-19 Infection Surveillance in Our Network (PRECISION Study)	1,995	Abdullah Mukit
Nahata	Nitisha	19.09	Education and workforce	Introducing quality improvement in the final year general practice placement at UCL medical school.	2,016	Nitisha Nahata
Naughton	Michael	22.2	Medication	A systematic review and meta-analysis of the prevalence and impact of potentially inappropriate prescribing in middle-aged adults	1,934	Michael Naughton
O'Connor	Raymond	13.6	Clinical trials	Development of a primary care research network focused on chronic disease: is this feasible for both practices and networks?	1,886	Raymond O'Connor
O'Donnell	Kate	15.09	COVID and Primary Care	What do the public and staff think about digital tools to support COVID-19 contact tracing in Scotland?	2,069	Kate O'Donnell
Parry	Emma	25.4	Musculoskeletal health	Perspectives of flares in people with knee OA: a qualitative study	1,905	Emma Parry
Pocock	Lucy	18.1	Dying well	The SHIPS Study: SHaring Information at the Primary/Secondary care interface for patients with a poor prognosis	1,883	Lucy Pocock
Pocock	Lucy	18.2	Dying well	Electronic Palliative Care Coordination Systems (EPaCCS): what works for whom and in what circumstances? A realist evaluation	1,844	Lucy Pocock
Prathivadi	Pallavi	17.3	Diagnosis	What are the self-reported opioid prescribing practices of Australian GPs? A nationwide survey.	2,090	Pallavi Prathivadi
Ramanathan	Agalya	10.02	Creative	"Oh Doctor, just one more thing for you"		Agalya Ramanathan
Ramanathan	Agalya	19.01	Education and workforce	How should we approach / operationalise Generalism in Medical Education? A narrative review of International Policy and Mission Documents	2,019	Agalya Ramanathan
Ramanathan	Agalya	19.02	Education and workforce	Medical student experiences of a generalist curriculum: A qualitative study.	2,064	Agalya Ramanathan
Riley	Matthew	27.3	Respiratory	Oral health and COPD: a qualitative study exploring the knowledge, attitudes and practices of patients and primary healthcare professionals in São Paulo, Brazil	1,859	Matthew Riley

**SAPC ASM 2021 virtual conference**  
**30th June 1st July**  
**POSTER PRESENTERS**

Rughani	Guy	25.5	Musculoskeletal health	"Multimorbidity will tie one arm behind your back" – The challenges of healthcare provision for people with rheumatoid arthritis/persistent musculoskeletal pain and multiple chronic conditions	2,046	Guy Rughani
Ryde	Eloise	15.03	COVID and Primary Care	How can we adapt to ensure continued Patient and Public Involvement and Engagement within research?	2,101	Eloise Ryde
Sefa	Adwoa	29.1	Women's health	I have endometriosis. Welcome to my world: Women's experiences of living with endometriosis and the delay in diagnosis. A narrative analysis.	1,923	Adwoa Sefa
Sexton	Vanashree	15.12	COVID and Primary Care	Telephone based digital triage in urgent care provision: A routine data analysis of patients' service use and patterns of triage advice	1,918	Vanashree Sexton
Shepherd	Adam	14.1	Consultation, Communication and Risk Prediction	How do transgender people experience their relationships with their GPs?	1,834	Adam Shepherd
Silverwood	Victoria	23.8	Mental Health	Assessing non-pharmacological interventions for perinatal anxiety (PNA) used in primary care: a systematic review of systematic reviews.	1,926	Victoria Silverwood
Siriwardena	Aloysius	19.03	Education and workforce	Examiner perceptions of the UK Recorded Consultation Assessment introduced during the COVID-19 pandemic: cross-sectional study	1,842	Aloysius Niroshan Siriwardena
Small	Nicola	24.09	Multi-morbidity	Understanding the experiences of, and preferences for, virtual patient and public involvement and engagement and patient empowerment during the COVID-19 pandemic: lessons and solutions for meaningful involvement from an original research study.	2,057	Nicola Small
Spencer	Sarah	22.1	Medication	What are the experiences of carers supporting individuals taking multiple medications?	2,017	Sarah Spencer
Sullivan	Michael	24.07	Multi-morbidity	What is the relationship between chronic kidney disease, multiple long-term conditions and the risk of hospitalisation?	1,858	Michael Sullivan
Sullivan	Michael	24.08	Multi-morbidity	The risk of major adverse kidney events in people with multiple long-term conditions: findings from the UK Biobank cohort	2,054	Michael Sullivan
Sung	Charis	19.04	Education and workforce	Embedding Social Prescribing to the Medical School Curriculum	1,854	Charis Sung
Swinglehurst	Deborah	24.03	Multi-morbidity	Family, faith and health: How do older Pakistanis living in East London self-manage multimorbidity?	1,986	Deborah Swinglehurst
Thandi	Charankumal	14.4	Consultation, Communication and Risk Prediction	Written action plans to support the self-management of eczema: findings from an international review	2,011	Charan Singh Thandi
Thomas-Jones	Emma	17.2	Diagnosis	Testing a prototype clinical decision support tool for the management of male LUTS	1,852	Emma Thomas-Jones
Thompson	Sara	19.12	Education and workforce	Evaluation of undergraduate medical education "Primary Care Culinary Medicine" course innovation	1,885	Sara Thompson
Torrens-Burton	Anna	15.02	COVID and Primary Care	Nature of patient-reported safety concerns in the UK during the early phase of the COVID-19 pandemic: preliminary analysis of a cross-sectional survey	1,857	Anna Torrens-Burton
Turkmen	Deniz	11.3	Cardiovascular disease	Does low blood pressure predict future depression in older adults?	1,999	Deniz Turkmen
White	Patrick T	13.5	Clinical trials	increasing uptake and completion of pulmonary rehabilitation with lay health workers: protocol of a cluster randomised controlled trial	2,097	Patrick White
Whitehead	Orla	15.11	COVID and Primary Care	Spiritual health and Burnout	2,063	Orla Whitehead
Williams	Adam	28.2	Sexual health	Knowledge and concerns about pre-exposure prophylaxis, sexual transmitted infections and antibiotic resistance amongst gay and bisexual men in Wales: a qualitative study	1,865	Adam Williams
Willis	Thomas	10.6	Cancer	What are the priorities for implementation in the early detection and diagnosis of cancer?	2,081	Thomas Willis
Willis	Thomas	16.5	Diabetes	How can national clinical audit be optimised to improve the primary care of diabetes?	2,027	Thomas Willis
Willis	Thomas	16.6	Diabetes	How can we optimise the impact and effectiveness of national clinical audit programmes?	2,076	Thomas Willis
Woodall	Claire	21.1	Infectious diseases	Changes in the human microbiome among community-based individuals experiencing respiratory tract infection: exploratory analysis of a feasibility cohort study.	1,985	Claire A Woodall
Woodall	Claire	21.2	Infectious diseases	Are at-home, parent-collected, Royal Mail-transported upper respiratory tract dry specimens equivalent to nurse-collected, same-day, on-ice, viral-medium transported specimens for the detection of respiratory microbes in young children?	1,984	Claire A Woodall
Wu	Selina	11.8	Cardiovascular disease	What are the effects of the comorbidity of chronic pain, cardiometabolic disease and depression on health outcomes? A UK Biobank cohort study	2,020	Simin Wu
Yao	Masahiro	10.4	Cancer	Gut instinct for the diagnosis of cancer in general practice: a diagnostic accuracy review	1,876	Masahiro Yao
Yousif	Sarah	11.7	Cardiovascular disease	Determinants of cardiovascular disease in a multi-ethnic population in adult women aged 18 years and over in South London	1,977	Sarah Yousif
Zhao	Susan	20.4	Health Services Research	Recruiting Chinese Participants into an End-of-Life Care Research: Strategies and Outcomes	1,840	Susan Zhao
