

CPD WITH A SPARKLE

JOIN US IN WARWICK ON THURSDAY 13TH JULY

The SAPC Conference is the premier annual UK meeting for primary care research and education. This year's event, at Warwick University, includes a day specially programmed to suit clinicians.

STAY ON FOR THE WHOLE CONFERENCE

You're welcome to attend the whole conference! July 12-14th. With additional opportunities to join workshops on supporting GP careers By Choice, not by Chance; recruiting GP trainers; building the non-clinical primary care workforce.

As well as additional research sessions looking at polypharmacy, skin conditions, children and young people, multimorbidity and much more...

For less than the cost of a BMA update day

£175 day rate for AiT, ACFs, GP Vocational Trainees (compared with BMA update @ £199/day for a trainee)

£270 day rate for qualified GPs (compared with BMA update @ £299/day)

For which you will be able to hear a keynote presentation from Professor **Helen Stokes-Lampard, Chair of RCGP** and...

Hot off the press updates on key topics relevant to your practice

- Cutting edge research and thinking on clinical topics including prescribing, frailty, mental health, self-management, long term conditions
- Alternatives to face to face consultations, organisation of practice
- Workforce development, training and educating today's and tomorrow's doctors

Ideas and support for your own career development

- Opportunities to consider options for developing your own career portfolio - come and meet with GPs doing education and research
- Find out more about innovations in education and research
- Join Prof Roger Jones, editor of British Journal of General Practice, in a workshop inviting you to learn the skills of peer reviewing... next step writing for BJGP!
